Response to Communication

Assistant Commissioner of Patents
Washington, D.C. 20231

Sir:

Applicant has received the Communication dated July 12, 2002 issued in connection with the captioned application, indicating an error in the parenthetical expression of Claim 1 in Applicant's Reply dated December 18, 2001. Please enter the following amendment to bring the parenthetical expression of Claim 1 into compliance with the requirements of 37 CFR 1.121(c)

Applicant submits herewith a Petition for Extension of Time under 37 C.F.R. §1.136(a) for one month, up to and including September 12, 2002 accompanied by the appropriate fee authorization.

In the claims

Please replace claim 1 with the following claim:

- 21
1. (thrice amended) A substantially homogenous glycoprotein preparation, said glycoprotein having an immunoglobulin CH2 domain said CH2 domain having at least one N-linked oligosaccharide wherein the oligosaccharide is a G2 oligosaccharide and wherein the amount of said glycoprotein containing a G1 and G0 oligosaccharide in the preparation does not exceed 10% by weight of the preparation.
